Transitex 3rd Party Logistics Services

» ADVANTAGES

Supply Chain efficiency

Pay As you Go logistics service

Full scalability, growing or decreasing according to client's needs

Fixed overhead costs with logistics will be transformed into variable costs directly indexed to the client's business performance

No CAPEX for the client, that can then focus on managing OPEX

A team of experts with the know how needed to manage all logistics needs

International footprint, allowing easy access to other markets
